Dear Jennifer, the Sunshine Kids Staff and Board of Directors,

We want to thank you and your team for all you have done in the past year for our oncology families here at The Children's Hospital of Philadelphia. Without an organization such as yours some of our patients would never have the opportunity to visit such places like Hawaii, Texas or New Orleans or go to a Broadway show. Your generosity helps to make our jobs a little easier. Once again thank you and we look forward to working with you in 2012.
Keep up the good work and Happy New Year.

Sincerely,

The Oncology Social Workers
